

# EXTENDED AREA PICK-UP & DROP-OFF FEES

Hike and Bike Japan | TRANSPORTATION SUPPLEMENT for HAKUBA/OTARI AREA TOURS

At the top of each of our tour pages is a purple box labeled "LOCATION." This refers to where the tour starts and ends. For example, if the location is listed as "Otari", pick-up and drop-off at any train station, place of lodging or other landmark located within the village of Otari is included in the tour price. It is the customer's responsibility to make their way to Otari by the scheduled start time, by either self-arranged public or private transportation.

However, we know that we are a bit out of the way, and train and bus connections to our small village can be unnecessarily long or inconveniently timed, and so in order to make it easier for you to reach us, we offer an optional pick-up and drop-off service from several nearby cities/tourism and transportation hubs. Please see the table below for more details.
